

VVS-FirmenTicket (Company Ticket)

From 1st April 2014 the VVS company ticket will be even more attractive

VVS doubles the discount on allowances

Starting on 1st April 2014, it is worthwhile to pay employees an allowance on company tickets. Companies/authorities paying their employees at least 10€ per month as allowance, will be granted twice the discount on company tickets by the VVS (10 instead of 5%).

Companies already receiving company tickets will be contacted by the person in charge from DB Marketing or SSB to inform them of this improvement. New companies interested in the company ticket can talk to the contacts mentioned below.

VVS company ticket for small and medium-sized companies

VVS now also has a solution for small and medium-sized companies which alone cannot reach the minimum order quantity of 50 company tickets. From 1st April 2014, it will be possible for several companies to order tickets together or for a smaller company to “slip” under the roof of a larger company, so that a minimum of 50 tickets in total can be ordered. The prerequisite is that the employers pay their employees a monthly allowance on the company ticket of at least 10€.

In this case, we will not only grant a discount of 5% but we will grant a discount of 10% on the regular annual ticket price. Talk to your employer!

Companies interested in the company ticket can talk to the contacts mentioned below who will support them in the search for suitable companies for a joint order of company tickets.
